Categories and Rider Age

A rider's age is calculated as of 31/12/25 of racing for age grouping & the term General Classification means all riders.

Race Rules

Only registered racers may compete in the event. No kidding, you must be registered to race. An official race number plate must be displayed by each racer. No competitor shall cut, fold, mutilate, apply stickers to or alter in any way the number plate. Numbers are not transferable.

Penalty is simple; the timers will not be able to score you, when you complain, it will lead to disqualification.

Shuttles will need to be paid for during practice but are included in the qualifying and race run.

Attach your bike number to the front of your bike using at least 3 ties, securely fastening in an upright position ensuring that can be easily seen from the front. Your Number should be in front of the brake cables and not wrapped around any part of the bike. The number cannot be altered, obscured, cut, or de-faced. If the race number is not attached correctly there is a possibility that the timekeepers will not read your number. It is your responsibility to ensure it is fitted correctly.

Pausing or Abandoning the Race

The race may be paused or abandoned due to extreme weather, emergencies or any other reason decided by the organizer. If the race is paused, all riders must complete the lap they are on and their time and laps will be recorded. If the race is then abandoned, that will determine the placings. If the race is resumed at a later time, then the riders will be started on their lap in a staggered start method, so that each rider has the same time off the bike due to the pause and there is no unfair advantage gained. There will be no refunds or other considerations if the race is paused or abandoned.

Withdrawing from the Race

A rider may withdraw from race at any time. If they choose to withdraw, they must notify the event staff at the timing tent. A rider who withdraws is not allowed to rejoin or resume the race. They must remove their race numbers and cannot ride on the course for the remainder of the event. If they have completed at least one lap, they will be awarded a race result.

Medical Assessment and Assistance

An onsite medial team from Assist Medical will be available.

If you come across an injured rider who it not able to continue, the first rider to reach that person must wait with the rider.

The second person on the scene should continue along the trail to the marshal to report it.

Anyone affected by assisting with a medical issue will be given a time relevant to their performance on other trails.

We would prefer to spend our time working on the trails and not picking up rubbish. Your ongoing support of reducing litter and reducing waste is appreciated.
