Race

You will have 4.5 hours to completed the course. You are required to only complete 1 run on each stage.

After the compulsory briefing, riders will be given the go ahead to start.

GE races include liaison stages and special stages. The time taken to complete special stages are accumulated to give an overall total time. An Enduro course comprises of varied off-road terrain. The track should include a mixture of narrow and wide, slow, and fast paths and tracks over a mixture of off-road surfaces. Each timed stage must be predominately descending but small pedaling or uphill sections are acceptable.

Transition stages aren't timed, or competitive, however the time limit 30mins will be imposed on each transition to ensure the event flows smoothly. All riders can complete all stages in a reasonable time. U15 and U13 will complete 4 timed stages. They do have the option continue onto the other stages if they wish but the times will not be included in their overall tally.

Only registered racers may compete in an event. No kidding, you must be registered to race. An official race number plate must be displayed by each racer. No competitor shall cut, fold, mutilate, apply stickers to or alter in any way the number plate. Numbers are not transferable. Penalty is simple; the timers will not be able to score you, when you complain, it will lead to disqualification.

The stages can be completed in any order.

Attaching Your Bike Number Plate:

Attach your bike number to the front of your bike using at least 3 ties, securely fastening in an upright position ensuring that can be easily seen from the front. Your Number should be in front of the brake cables and not wrapped around any part of the bike. The number cannot be altered, obscured, cut or de-faced. If the race number is not attached correctly there is a possibility that the timekeepers will not read your number. It is your responsibility to ensure it is fitted correctly.

Smoke Free Environmental Act 2000 Law:

All On the Edge Events are smoke free. Spectator areas at sports grounds or other recreational areas used for organized sporting events it is not against the law in QLD to smoke.

Categories and Rider Age:

A rider's age is calculated as of 31/12/25 of racing for age grouping & the term General Classification means all riders.

Pausing or Abandoning the Race

The race may be paused or abandoned due to extreme weather, emergencies or any other reason decided by the organizer. If the race is paused, all riders must complete the lap they are on and their time and laps will be recorded. If the race is then abandoned, that will determine the placings. If the race is resumed at a later time, then the riders will be started on their lap in a staggered start method, so that each rider has the same time off the bike due to the pause and there is no unfair advantage gained. There will be no refunds or other considerations if the race is paused or abandoned.

Withdrawing from the Race

A rider may withdraw from race at any time. If they choose to withdraw, they must notify the event staff at the timing tent. A rider who withdraws is not allowed to rejoin or resume the race. They must remove their race numbers and cannot ride on the course for the remainder of the event. If they have completed at least one lap, they will be awarded a race result.

Medical Assessment and Assistance

1300 Medics will be at all races, from the moment riders enter the starting area until they leave the finishing area. Interventions during the race can only be carried out in a stationery position.

Riders must dismount from their bikes to receive medical assistance.

If you are injured and assisted back to the event center, then your lap will not count. Following treatment, the Medics or Race

Director will make a decision on whether you are allowed to continue the race, based on available medical advice. The Race Director's decision is final and non-appealable.

The Race Director may remove a rider from the course for assessment if in the Race Director's opinion, the rider is showing signs of extreme fatigue or other condition which may be detrimental to the rider or to other riders in race. Following medical assessment, the Race Director will either:

- Allow the rider to resume racing,
- Mandate a rest period before the rider can resume the race, or
- Withdraw the rider from the race

This decision is the sole responsibility of the Race Director and is non-appealable. There will be no compensation for the rider for the time taken for the assessment process

Race Finish

There will be a winner for each category for overall. All decisions made by the race director are final. Protests must be made within 15mins of results being posted
