7:45 am - Registration closes
7:45 am - Compulsory rider briefing
8:00 am - Racing starts
12:30 pm - Racing finishes
1:00 pm approx. - Presentations

RACE AT A GLANCE

7 timed stages
4.5-hour race window
One run on each stage only

All riders must attend the briefing. Attendance is a condition of entry.

RIDER BRIEFING

The rider briefing is compulsory for every competitor. After the briefing, riders will be given approval to begin the course.

RACE FORMAT & NUMBER PLATES

HOW THE RACE WORKS

Riders have 4.5 hours to complete the course and must complete one run on each of the seven stages. Each rider will be given a stage order, which must be followed throughout the event.

Gravity Enduro races include liaison stages and timed special stages. Times from the special stages are accumulated to produce each rider's overall result. The course uses varied off-road terrain, with a mixture of narrow and wide, slow and fast tracks across different surfaces. Each timed stage is predominantly descending, although short pedalling or uphill sections may be included.

Transition stages are not timed or competitive. Time limits may be imposed on transitions to keep the event flowing and allow all riders a reasonable opportunity to complete the course.

Under 13 riders will complete five timed stages. They may continue onto the remaining stages if they wish, but those additional times will not be included in their overall result.

REGISTRATION & RACE NUMBERS

Only registered riders may compete. Each rider must display their official race number plate. Numbers are not transferable. Do not cut, fold, mutilate, cover with stickers or otherwise alter the plate. If timing staff cannot identify the number, the rider may not be scored and may be disqualified.

ATTACHING YOUR BIKE NUMBER PLATE

Attach the plate securely to the front of the bike using at least three ties. It must be upright, clearly visible from the front and positioned in front of the brake cables. Do not wrap it around any part of the bike or obscure, cut or deface it. Correct fitting is the rider's responsibility.

CATEGORIES & EVENT CONDITIONS

MALE & FEMALE CATEGORIES

Elite 19+ E-bike	50-59 60+
Expert 19-29	Under 19 (17-18)
Masters 1 / 2 (30-39)	Under 17 (15-16)
Masters 3 / 4 (40-49)	Under 15 (13-14)
	Under 13 (10-12) - 5 stages

RIDER AGE

A rider's age is calculated as at 31 December 2026 for age-group classification. General Classification means all riders.

PAUSING OR ABANDONING THE RACE

The race may be paused or abandoned because of extreme weather, an emergency or any other reason determined by the organiser. If paused, riders must complete the stage they are on and their times will be recorded. If the race is abandoned, the recorded results will determine placings. If racing resumes, riders may be restarted using a staggered method so each competitor receives the same time off the bike and no unfair advantage is gained. No refunds or other compensation will be provided if the race is paused or abandoned.

SMOKE-FREE EVENT

All On The Edge Events are smoke-free. Smoking is not permitted in spectator areas at sports grounds or other recreational areas being used for organised sporting events.

SAFETY EQUIPMENT - HELMETS

All riders must wear a full-face helmet meeting AS/NZS 2063 or an equivalent recognised standard. The helmet must display the manufacturer's compliance mark and may be inspected at any time by a Commissaire.

UNDER 13, UNDER 15 & UNDER 17 RIDERS

All riders eligible for the Under 13, Under 15 and Under 17 categories must wear the following safety equipment during every competition stage:

- Full-finger gloves
- A full-length jersey covering the elbows
- Knee pads
- Elbow pads
- Fully enclosed footwear
- Protective eyewear

A neck brace is recommended but is not compulsory. A neck brace should only be used with a full-face helmet.

WITHDRAWAL & MEDICAL SUPPORT

WITHDRAWING FROM THE RACE

A rider may withdraw at any time but must notify event staff at the timing tent. A rider who withdraws cannot rejoin or resume the race. The rider must remove their race number and must not ride on the course for the remainder of the event. If the rider has completed at least one timed stage, they will receive a race result.

MEDICAL ASSESSMENT & ASSISTANCE

First Aid Assist will be present from the time riders enter the starting area until they leave the finishing area. Medical treatment during the race can only take place while stationary, and riders must dismount to receive assistance.

If an injured rider is assisted back to the event centre, the stage will not count. After treatment, the medics or Race Director will decide whether the rider may continue, based on the medical advice available. The Race Director's decision is final and cannot be appealed.

The Race Director may remove a rider from the course for assessment if the rider appears extremely fatigued or has another condition that could endanger themselves or others. Following assessment, the Race Director may:

- allow the rider to resume racing;
- require a rest period before resuming; or
- withdraw the rider from the event.

This decision is the sole responsibility of the Race Director and is non-appealable. No time compensation will be given for the assessment period.

FINISH, PRESENTATIONS & VENUE INFORMATION

RACE FINISH

There will be an overall winner in each category. All decisions made by the Race Director are final. Any protest must be lodged within 15 minutes of the results being posted.

PRESENTATIONS

Presentations will be held at approximately 1:00 pm in the transition area. We encourage all competitors to stay, mingle and support the presentations. Event winners will receive a medal and prizes supplied by event sponsors.

FOOD

Bring your own race nutrition. Limited water will be available. A sausage sizzle will be available, supporting the Victoria Point Scouts Group.

TOILETS

Toilets will be provided at the venue.

PARKING

Parking will be outside the reserve at Gate 6 or along the roadside. Riders may also park at other reserve gates and ride through to the event area. Follow event signage and officials' directions.

VENUE

Eastern Escarpment Reserve
Gate 6
West Mt Cotton Road
Mt Cotton

RACE WINDOW: 8:00 AM - 12:30 PM
